

ECW Educational Site

Prima CARE maintains a website for educational material about ECW. This can be accessed at the web address: www.drkney.com/ecw/ecw.php

In the past, a password was necessary to gain entry – but no more. Simply type in the address, and the page above opens. There is a searchable database – just type a search word into the search box shown at the top, hit “Search”, and a list of titles will appear.

The site includes pdf documents as well as screen capture videos. Most of the videos are under 5 minutes.

If you forget the longer url address, just enter www.drkney.com and click on the link to the educational website – shown in the screen to the right.

Contact me at bkney@prima-care.com with questions.
